

Out of Province Wrong ULI

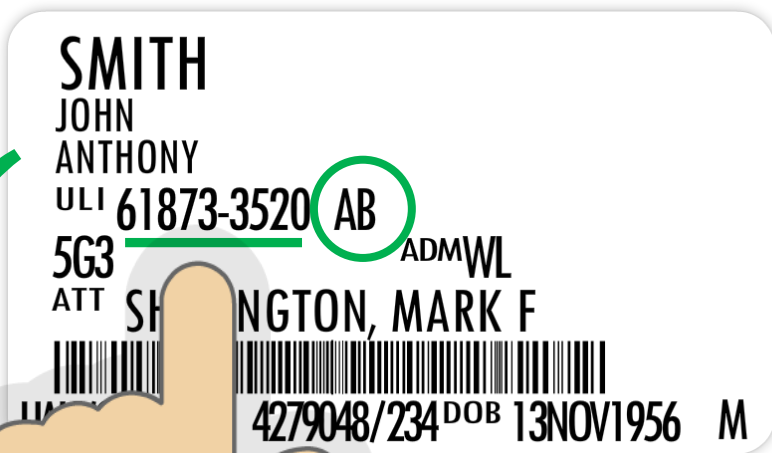

- Alberta Health Services in at certain sites generates hospital specific ULI codes that can't be used for out of province billings.
- This results in out of province rejections.

Reduce your rejections and improve your reimbursement

Solution!

- Spot the province. **If it is AB use the ULI on the patient sticker.**
- **If you see any other provincial abbreviation you cannot use this ULI.**
- You will need to find the health care number issued by the patient's home province.

This ULI is correct !
You may use it for billings

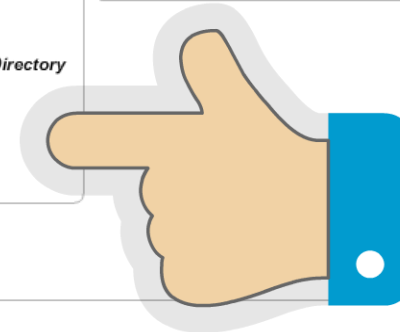

This ULI is not correct!
You can't use it for billings
